U.S.D.F Silver Medalist Rider / Competitor – Anne Reid

Instruction from Beginner through Prix St.
Georges
Specializing in Classical Training of the Horse
and Rider

Anne Reid trained under world-renowned Canadian trainer/coach/author Walter Zettl, and also with Loraine McDonald, George Tlrpko, Sonja Vraco, William Solyentjs, Lorena Bell, Hans Jergen Boone and Lars Peterson.

Anne has competed in Canada, Great Britain and the U.S extensively, at all levels of dressage from training through F.E.I, with numerous different breeds from ex-racehorses off the track to European Warmbloods. Anne offers an international approach to dressage and takes particular interest in the challenges of working with horses not bred for the discipline as well as with riders new to dressage but who are keen to learn. Anne uses a positive approach to training, enhances harmony and trust between horse and rider, and keeps instruction interesting, fun and non-confrontational. She focuses on a centered and balanced rider position with effectiveness of the aides and improving the horse's gaits, physique and education through systematic, gymnastic exercises.
